

LITTLE TWIGS PRESCHOOL

Enrollment Brochure

There's always time for tea!

Welcome, friends!

- - - - x

At Little Twigs, we embrace the fact that all children learn in different ways. We offer a wide variety of academic, social, and skill building activities throughout the day, in three different settings. Our ultimate goal is to offer a fun and emotionally nurturing environment, where learning happens naturally.

We have a very simple rule set for our Little Twigs: Be Kind, Be Safe, Take Care. While we all work together to make sure that our friends, school, and selves are safe and cared for, we also understand that sometimes big feelings get in the way of doing the kindest, safest thing. Our instructors use positive discipline to

guide behaviors. This means that we don't employ shame or punishments when our feelings make it hard to follow the rules. That doesn't mean we don't have boundaries or rules! It means that emotional explosions are par for the course at this age, and we have found great success in addressing big feelings (as well as boundary testing and empathy building) with kindness and firmness.

“

Julia is a very empathetic, sweet, caring, and extremely skilled caregiver. The children had so much fun while at the same time they learned important communication skills in a safe and loving environment.

Our community

- - - - x

We are a welcoming, open community. We appreciate that our friends express themselves in many different ways and that there are many different types of families (we incorporate them all into our curriculum). We come together for Morning Meeting to welcome and celebrate each other through song and story sharing. At the end of the day, we meet again

to say goodbye. As a class, we work on taking care of the whole group as well as ourselves, with the ultimate goal of planting the seeds of acceptance and openness.

“

I have never known anyone else who has such a gift with children as Julia. Our daughter adored her. I felt absolutely confident of my daughter's well-being when she was in Julia's care. It has been five years, and my daughter still speaks highly of Julia, and asks when there will be another co-op reunion. I loved Julia's patience, warmth, reliability, dedication and ability to engage the kids with age-appropriate reading, games, play and creative projects. I cannot recommend Julia highly enough. If your child has an opportunity to spend time with her, don't pass it up!
